

PIP – Supplier Onboarding Process

Step-By-Step Supplier Manual

PIP – Procurement Interaction Portal

General Information

Content of this document:

This is a step-by-step manual of the onboarding process for supplier, with the leading ZEISS SRM platform PIP (Procurement Interaction Portal).

Overview of the process steps for the onboarding of ZEISS Suppliers:

Six steps are necessary for a successful onboarding process.

Remark:

Your profile can be evaluated in a more efficient way, if you maintain your data correctly and in detail. It also has a positive impact on the chances, that your business relation to ZEISS gets more established or intensive.

Which benefits does PIP provide for ZEISS Supplier?

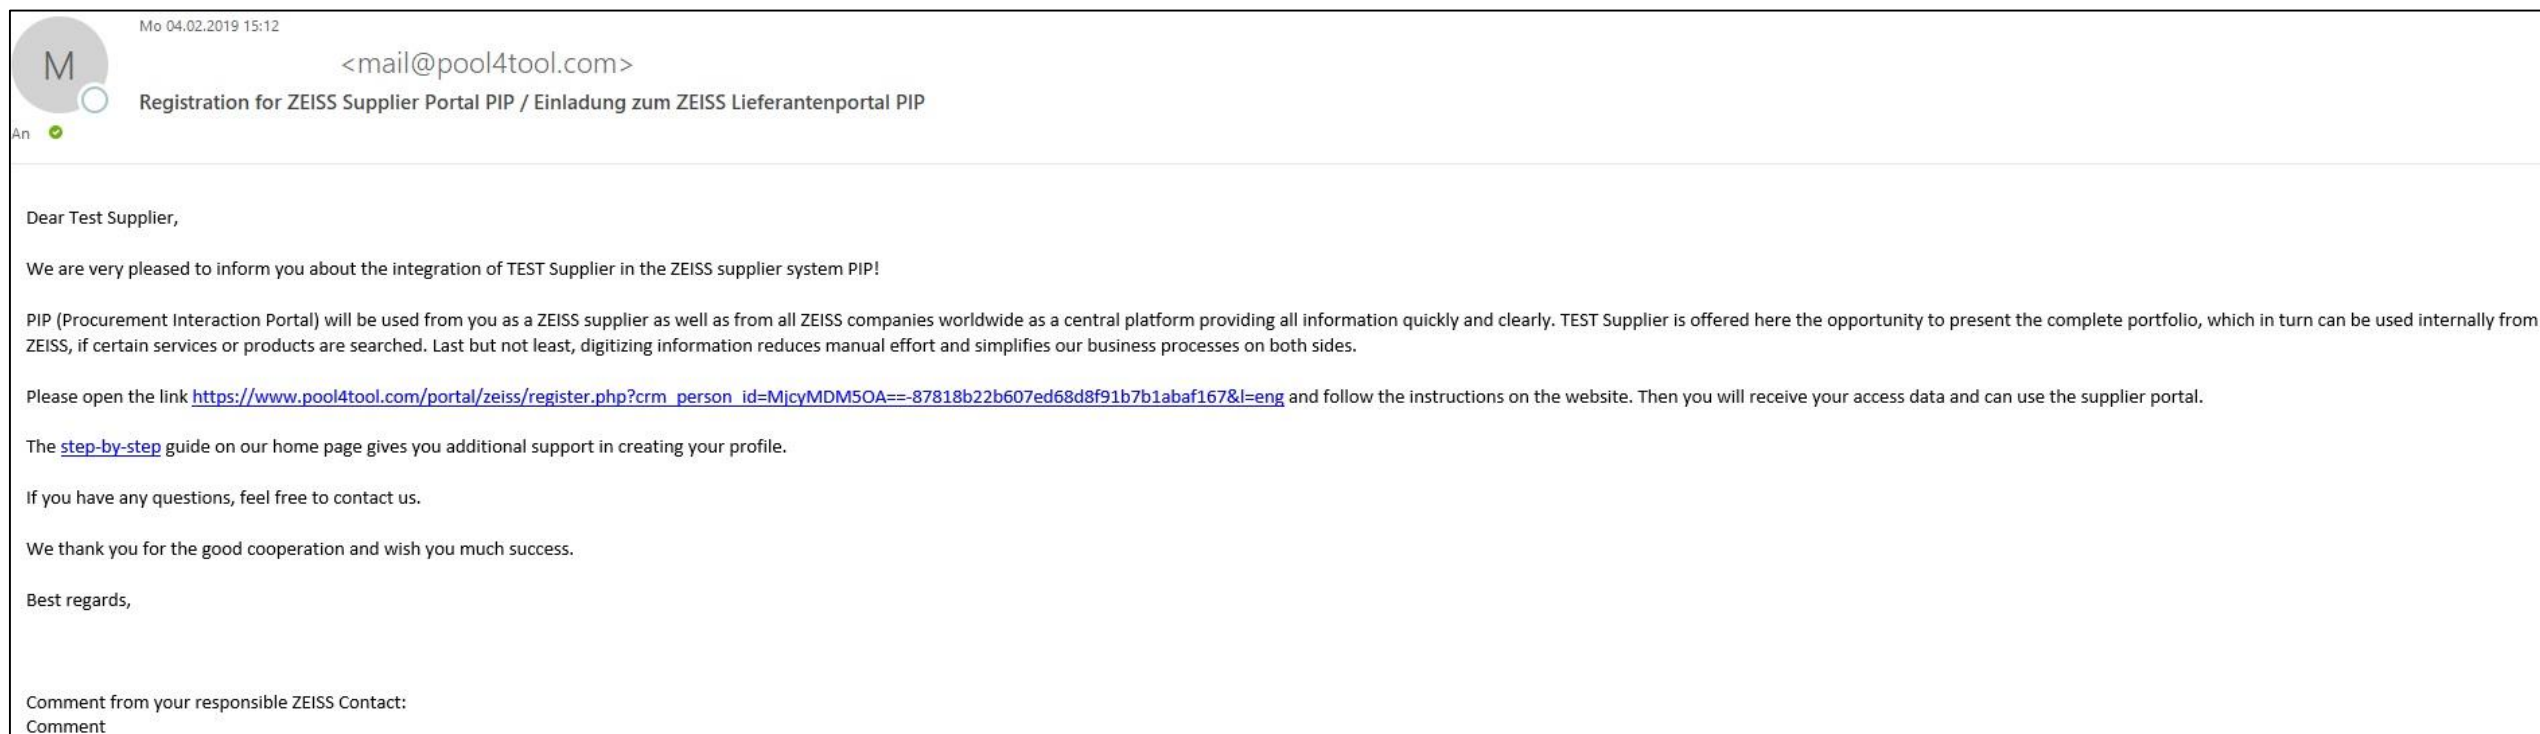

- Through publishing your supplier profile you have the chance to represent your entire performance portfolio to the whole ZEISS Group.
- Your supplier profile is visible for the whole ZEISS Group.
- You only have to maintain your data one time.
- Through the registration in PIP you have new possibilities for communication and cooperation with ZEISS. Processes and the flow of information will be optimized.
- The information of the supplier profile are used to evaluate new suppliers for ZEISS and to approve them for further purchasing actions.

PIP – Procurement Interaction Portal

Step 1 – Registration

- You will receive an invitation via e-mail from mail@pool4tool.com. Klick on the link and you will automatically be forwarded to the registration.
- If you click “Answer” then you will automatically respond to your responsible ZEISS contact.

 If you already have access to the ZEISS Supplier Portal you will receive a direct link to your company profile and you can skip the registration (Step1).

PIP – Procurement Interaction Portal

Step 1 – Registration

Registration:

- Please fill in as much information as possible for “general company data” in the registration form. Therefore you have to fill in all mandatory fields, which are marked with “*”.
- Fill in the “*Contact person data*” and click on the button .
- In the background the system is checking your information regarding correctness and duplicates. If all information are valid than click on to finish the registration.

Password:

- After the successful registration you receive an e-mail with your login information and a link to the PIP portal.
- Klick on the link an login into the PIP portal.
- After your first login you will be asked to change your password regarding the standard password requirements.

PIP – Procurement Interaction Portal

Step 3 – Contacts

3. Contacts – Additional information to specify contact persons

- The roles control only who gets the notifications for the respective processes in the portal.
- Every user of your company can see and process all processes in the system, regardless of whether this person is the defined contact for a notification.
- You can use the information button “” to display which notifications concern the respective role:

Role	Responsibilities	Menu
VMI	Test Supplier	 
Order	Test Supplier	 
Delivery call off	Test Supplier	 

- Please never select a purchasing group or company code. This is maintained by ZEISS.
- There must be a responsible person for almost all roles, even if the respective process is currently not used. This has the function that the notifications are not lost when activating a new process.

PIP – Procurement Interaction Portal

Step 4 – Material group assignment

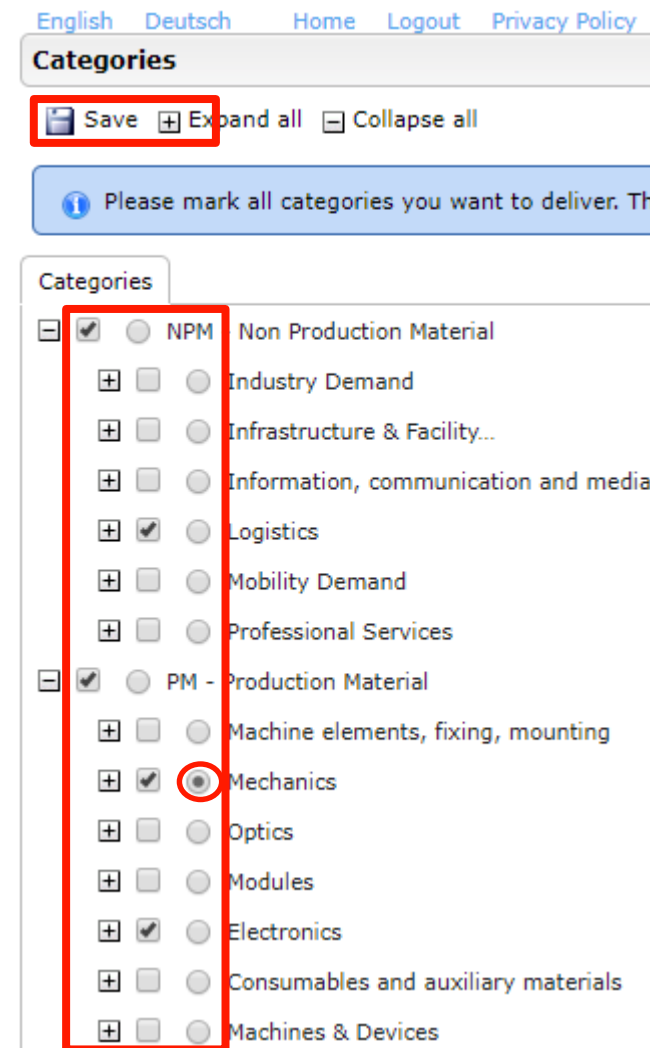

4. Material group assignment

- Please choose all categories you are able to deliver to ZEISS.
- Choose one main-category (round Checkbox).
- Click on the save button to confirm your material group assignment and to return to the registration wizard.

 Please take your time for the correct assignment of the material groups. Through this assignment PIP controls, which information you are able to fill in your supplier profile.

 The selection of the main-category is just for internal purposes and don't influence your business relation with ZEISS.

5. Fill profile

- Please maintain as much information as possible in your company profile.
- The profile consists of three questionnaires:
 - General
 - Technical
 - Certificates
- Through clicking on  Save & Next you automatically will be forwarded to the next questionnaire.
-  You can caching your profile at any time through clicking on  Save .
-  The fields which are marked with a “*” are mandatory fields. In the yellow information box you can see how many mandatory fields are filled in. The mandatory fields only represent the absolute minimum of information that ZEISS requires from suppliers. Most divisions have internally defined additional mandatory fields which are necessary that a profile will be accepted.
-  Empty mandatory fields will be marked with **red**, when you try to save the profile.

5. Fill profile - Certificates

- Please give us all information about available certificates and upload the documents.

Certifications

Do you have QMS (Qualitymanagementsystem) certificates?*

	since	valid until	certificate no.	
QMS ISO 9001	<input type="text" value="Yes"/> <input type="text" value="2017-06-06"/>	<input type="text" value="2020-02-12"/>	<input type="text" value="123456"/>	<input type="text" value="ISO Certificate ISO 9001.pdf"/>
DIN EN 9100	<input type="text" value="---"/> <input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="button" value="Datei auswählen"/> Keine ausgewählt

For some organization units of ZEISS certificates are elementary requirements for a business relation.

Every certificate will be checked by ZEISS before accepting your profile.

6. Publish profile

- After maintaining your profile you are able to save your information.
- To finish the onboarding process and send your profile to ZEISS, it is necessary to publish your profile to ZEISS.

- To publish your profile click on

- Afterwards the relevant buyer of ZEISS receive an e-mail. If your information are complete an correct, the buyer will accept your profile.

 As long as ZEISS is checking your profile, you are not able to change any information in the profile.

PIP – Procurement Interaction Portal

Acceptance by ZEISS

Existing Suppliers:

- Afterwards your profile will be checked by your responsible ZEISS-buyer.
- This is the last step of the registration process for existing suppliers.
- You will receive an e-mail as soon as the responsible buyer accepted your profile.

Profile Updates

- After the profile acceptance, it is possible to update your profile information at any time. Therefore you have to login into PIP and navigate to topic you want to update.

 Don't forget to publish your profile after a update.

The screenshot shows the PIP profile update interface. At the top left is the ZEISS logo. Below it is the slogan "We make it visible." To the right of the slogan is a language selector with "English" and "Deutsch" options, and a button labeled "Carl Zeiss Home". Below the slogan is the user information: "Onboarding Supplier Inc." and "Mr. Test Supplier(onboarding.test)". A navigation menu is displayed below the user information, with "Company profile" highlighted. The menu items are: Administration, Contact people, Categories, Company profile, General, Technical, Certificates, Documents, Complaints, Requests, Logistic, Deviation permit requests, and Logout. A red box highlights the ZEISS logo, the slogan, the user information, and the navigation menu.
